“Reflections”

Sermon by: Minister Miriam Theodore

A warm summer's day is also pure evidence that our Creator is 'Lord of the Seasons.' The seasons bring changes to all earthly climates and function intricately to make our planet habitable. With a Divine power so artistic, pronounced and creatively inclined we continue to bask in the remaining days of this summer's sunshine. Lord, today we call on your holy name to engrave on our hearts your love and compassion for humanity; and that we will be loving enough to be more welcoming to all people everywhere. Amen.
